

ORSA Membership Registration System

2026 Registration is Open as of February 1, 2026

Effective December 2024 ORSA implemented a new individual Membership Registration System (MRS) that requires all Association Contacts, Coaches, Assistant Coaches, Managers and Players to create a unique profile for ORSA to administer and manage our teams and events. The system will streamline activities for both teams as well as ORSA administrators by electronically capturing all of the necessary data and waivers and documentation that previously was collected manually.

Everyone must register every year to update their profiles. All Players who did play in 2025 within ORSA will not be required to provide a birth certificate or other proof of date of birth online as part of the process.

All Players who did not play in 2025 within ORSA will be required to provide a birth certificate or other proof of date of birth online as part of the process

All individuals will be able to have multiple roles within multiple associations or on multiple teams as required to indicate where they are playing or coaching within ORSA. There will be an annual fee of \$15 per person, no matter how many roles or teams an individual is associated with.

Association Contacts and Team Managers will be able to create their teams online through the system. All teams planning to play in any ORSA tournaments will need to have all of their players and coaches registered and active on the MRS in order to participate.

All coaches, assistant coaches, and On Field Coaching staff must input their NCCP # that can be obtained from the Coaches Association of Canada at no cost by going to <https://thelocker.coach.ca/account/login>
